## Sculptures' Stories

Patrick Shaun Ford

Each person has his own way of telling a story. **Ford**, for example, likes to let his sculptures speak for him. Inspired by the everyday news and people around him, his work is embedded with specific stories, all pertaining to a consistent pattern. His artwork, including sculptures, paintings, etchings and drawings since 1985, is being displayed at Muse Gallery (located at G/F 40 Ship St, Wanchai) until Jan 17. To check it out and for more details call 2598 7853 or 2866.0106.
